

We help
businesses to
tell their people's
stories to whom it
matters the most.

LightPaper has over 8 years of experience
in corporate video production and media
management supporting businesses
globally and across the industries.

LIGHTPAPER

CORPORATE STORYTELLING PARTNER

WHAT IS LIGHTPAPER?

LightPaper is not just a vendor with lights & camera. We are the partners who understands your business and the story behind it.

Companies do not need just a video or a Photo. They need communication that helps them attract talent, build trust, engage employees, grow leadership visibility, and show the world what their culture really looks like.

WHAT WE DO

LightPaper specializes in

01

End-to-End Video Production

Concept, scripting, shoot planning, production, direction, interviews, crew, equipment, and final delivery.

02

Post-Production Services

Editing, sound, subtitles, motion graphics, colour, social cutdowns, and delivery-ready formats.

03

Employer Branding Content

Employee stories, hiring campaigns, workplace culture films, and leadership-backed talent communication.

04

Corporate Social Media Management

Content strategy, reels, LinkedIn content, campaign calendars, and ongoing monthly retainers.

05

Events, Photography & Videography

Town halls, annual days, leadership summits, conferences, launch events, and post-event highlights.

06

Live Streaming & Hybrid Events

Professional livestream support for leadership meets, internal events, launches, and conferences.

07

Product Photography

Clean, premium photography for industrial products, launches, brochures, websites, and social channels.

08

Podcasts & Interviews

Leadership conversations, employee voices, thought-leadership content, and internal knowledge-sharing formats.

**Silicon Valley
Experience**

**Praj
Industires**

HOW WE WORK

We are your extended media team, not a one-day shoot crew.

01

Understand the business

We learn the audience, purpose, platform, and internal context before touching the camera.

02

Shape the story

We decide what should go in a video, and more importantly, what should not.

03

Own the execution

Make sure that the Video production, photography, interviews, event coverage, and live streams is handled end-to-end.

04

Deliver for every platform

Final films, reels, cutdowns, thumbnails, social assets, and post-production packages id ready to publish.

When LightPaper is on the shoot, you can relax because we take care of the story, the execution, and the delivery.

Our Work

Employer Branding Content

- ▶ Watch Video 1: [What do I do?](#)
- ▶ Watch Video 2: [Employee Testimony](#)
- ▶ Watch Video 3: [Engineering for Tomorrow](#)
- ▶ Watch Video 4: [Culture at Work](#)
